OceanView Night Vision Camera Featured on New Viking 82C

Fort Lauderdale, FL – VEI is pleased to have its OceanView Apollo Night Vision Camera on the new flagship Viking 82 Convertible, the largest and most advanced Viking to come off of their prestigious line of sportfishing yachts. Hull no.1 will be their demo boat and will be displayed at the Miami Boat Show 2009.

Mike Bader, Chief Operating Officer of VEI and Chief Executive Officer of OceanView, "We are pleased to have been asked to supply the night vision camera for Hull no. 1; obviously we take as much pride in manufacturing our equipment as Viking and we appreciate the opportunity to partner with them and provide the finest night vision camera available in the worldwide marine marketplace."

OceanView, a VEI company, manufactures the APOLLO night vision camera in Fort Lauderdale FL, USA. The camera is the most unique of its kind in the world. It is a dual thermal and low light camera built into one unit and is mounted on the hard top.
